

**MAXCLEAN**®

LIQUID CLEANER FOR CONCRETE SURFACES

DESCRIPTION

Product designed for cleaning salts, grease and oil on cement and concrete surfaces. It's special formulation attacks and dissolves the stains helping to eliminate them.

USES

- As a cleaning agent for oils, animal grease, etc., on cement and concrete floors, pavements and walls.
- Elimination of salts on brick , cement screeds and single layer mortars.

ADVANTAGES

- Helps eliminate products such as form stripping oils, etc. providing a clean surface, thus improving the adhesion of other treatments on the substrate.
- It is supplied as a concentrate, providing high coverage rates.

APPLICATION INSTRUCTIONS

Dilute one litre of MAXCLEAN in 5 litres of clean water and spread the mix twice over the surface stained with oil or grease, (on walls from top to bottom). The first application with a plastic brush and the second application immediately afterwards, scrubbing with a thick bristle brush and allowing MAXCLEAN to act for 4 to 5 minutes.

Once the remains of the product have disappeared, wash thoroughly with clean water and allow to dry.

When applying with a pressure pump, 20% more water should be added to the mix, and 4 minutes after application, wash with pressurised water.

COVERAGE

The approximate coverage for one litre of undiluted MAXCLEAN is between 20 to 25 square metres, depending on the type and condition of the substrate.

PRECAUTIONS

- Do not use on marble, limestone, aluminium, chrome finishes or ferrous metals.
- Trials should be done prior to its use on granite due to its composition, MAXCLEAN produces a corrosive action, so the usual safety measures should be taken.
- Use appropriate protective clothing, gloves and goggles.
- If the product comes in contact with the eyes, wash with water immediately and consult a doctor. If it product comes in contact with the skin, wash the area with abundant water.

PACKAGING

The product is supplied in 5 and 25 litre plain jerrycans.

STORAGE

24 months in its original unopened containers.
